

Wall hung smart toilet E20

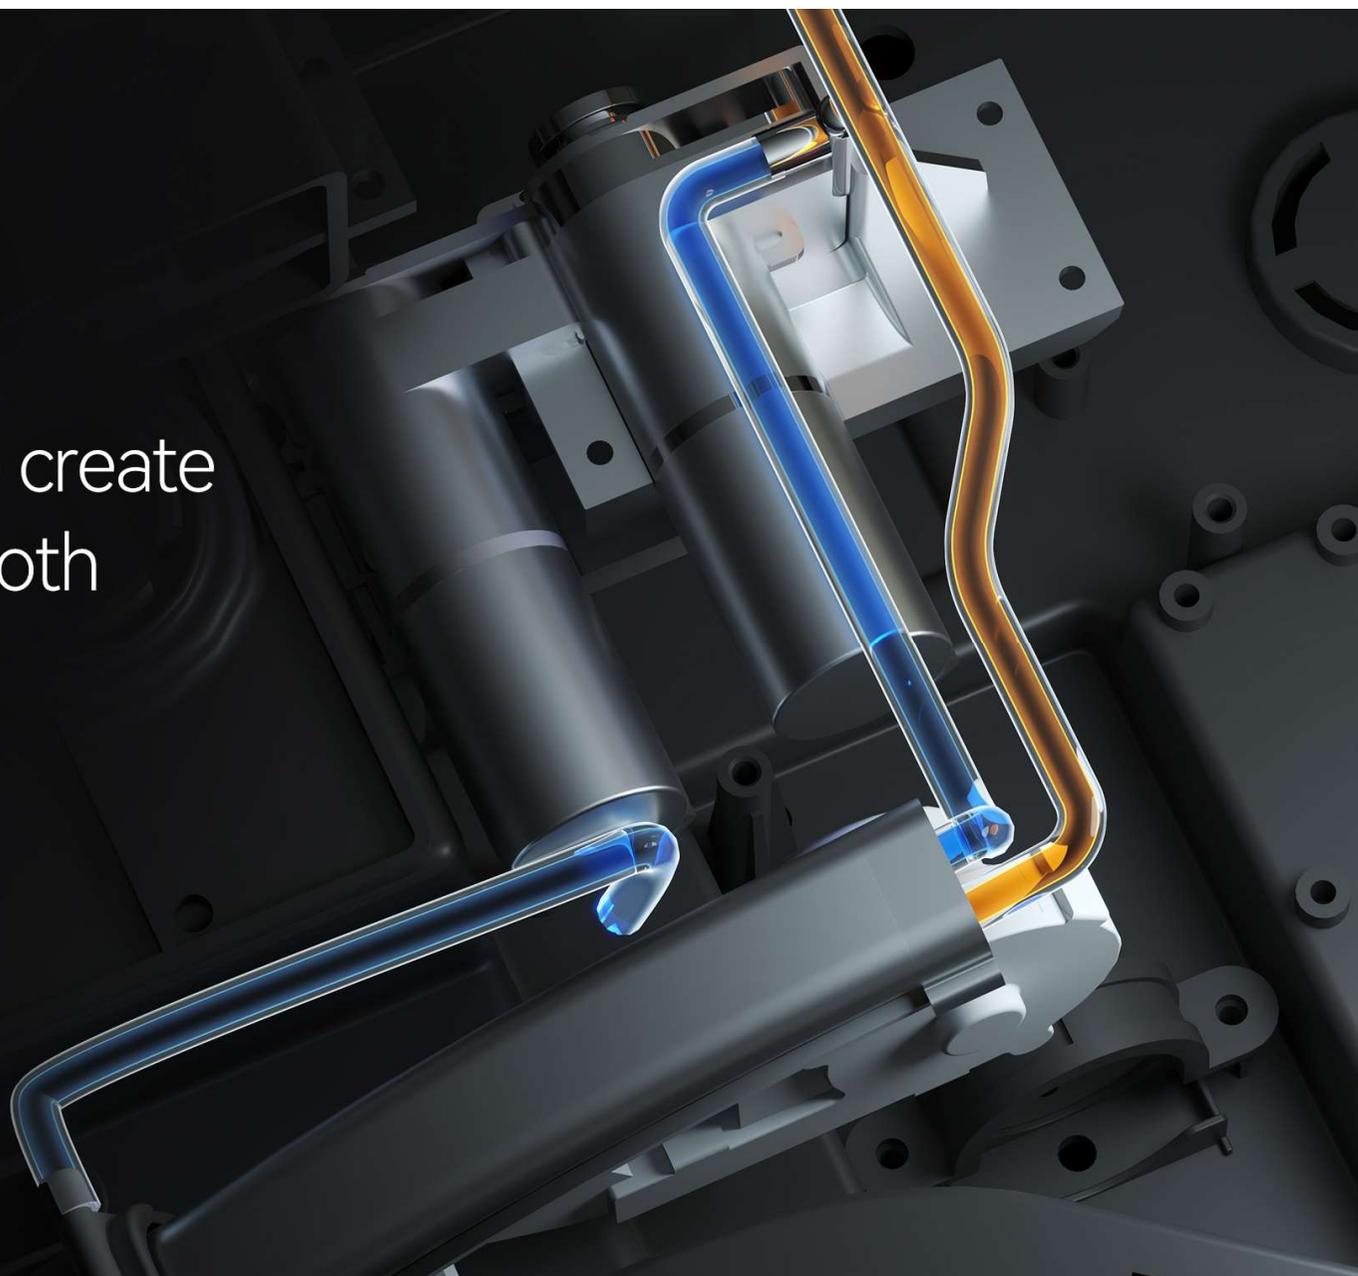

Suspended artwork
Carries a sense of ritual in life

OPEN UP NEW IDEAS IN DESIGN
INTELLIGENT HANGING TOILET

This product achieves the
perfect balance of intelligence
and appearance.

They work together to create
an intelligent and smooth
experience system.

Unexpected encounters in life are small blessings that embellish and shine.

Respond to somatosensory appeals in multiple scenarios,
Redesign more functions around users' pain points and itches.

01 Wall hung smart toilet -suspension type

Hang off the ground to optimize space

Innovation and beauty integrated
Smart space layout

Hand off the ground,
bid farewell to dead corners,
minimalist lines, reshaping space

02 Wall hung smart toilet - Space aesthetics

Hidden water and electricity, seamless design

Integrate with the wall
Space saving and beautiful

Flexible height adjustment
No restrictions on house type

03 Wall hung smart toilet - Innovation Scaffold

Innovative smart stand Make full use of space

The wall only needs pre-embedded brackets, and the slot area is small

Reduce decoration costs and make better use of wall space

Zero pressure limit Adapt to water pressure environment

Whether in high-rise buildings with low water pressure, this smart toilet can operate stably and always maintain excellent flushing effect.

No additional water pressure boosting device is required, users only need to use it with peace of mind to enjoy an efficient and smooth flushing experience. Each flush is precise and powerful, quickly cleaning the inner wall of the toilet, avoiding blockages or unclean flushing caused by water pressure issues.

Tall buildings

Old community

Peak water usage

04 Wall hung smart toilet - Zero pressure limitation

No water pressure limit, ceramic body water tank

Built-in large capacity water tank and booster pump
0 water pressure instant scouring, integrated design saves space

It is also suitable for use in high-rise and old residential areas.
It will not be affected by power outages during peak water consumption periods

05 Wall hung smart toilet - external power supply

Use external power supply, power outage can also flush

Innovative power outage flushing technology, external power supply during power outage.

Connect the backup mobile power supply and you can use the flushing function as usual

06 Wall hung smart toilet -Intelligent sizing

Automatic identification of smart flush sizes

Intelligent identification of size flush design can effectively avoid wasting water resources

-  **Small flush** landing seat < 30s
Turns on after 10s of leaving seat
-  **Big flush** landing seat > 30s
Turns on after 10s of leaving seat

07 Wall hung smart toilet -Load-bearing capacity

Can withstand gravity up to 400KG

Embedded steel frame load-bearing
Bearing capacity up to 400KG

No need for a water tank embedded in the wall
Effectively avoids the risk of large-scale water seepage due to water tank rupture,
making maintenance more convenient

08 Wall hung smart toilet - hangs without hard to erase corners

The bottom is suspended clean with every corners

High appearance level suspension design,
sweeping robot arbitrary pass

The suspended design improves the sense of visual
space, no longer bound by space, and redefines life

09 Wall hung smart toilet - lipless design

Lipless design wipe clean

Clear without hindrance
practical without lip design

No chance for dirt to hide
making it easier to clean every corners

10 Wall hung smart toilet - Detachable nozzle

ABS antibacterial spray rod removable nozzle

The nozzle is made of nano antibacterial material and can be freely disassembled and cleaned.

It can be replaced independently when used by multiple people without worrying about cross-infection.

Six smart cleaning modes

GENTLE BIDET
Intimate care

CLEANSING BUTTOCKS
Deep cleaning

AUTOMATIC CLEANING
Expand scope

CHILDREN'S CLEANING
Soft water flow

SELF-CLEANING SPRAY BOOM
Self cleaning

NOZZLE DISASSEMBLY
Regular cleaning

11 Wall hung smart toilet- foam shield

Dense bubbles Antibacterial and splash-proof

Effectively blocks odor details, reduces dirt adhesion, and prevents dirt from splashing on the butt when using the toilet.

✓

Built-in foam bottle

open the cover plate,
convenient replacement,
saving space without spilling

✗

External foam bottle

increases bacterial growth
makes cleaning cumbersome
and troublesome

12 Wall hung smart toilet -sedentary reminder

Sedentary voice reminder, to remind the point to stand up

Sensing seat start time
more than 30 minutes voice reminder

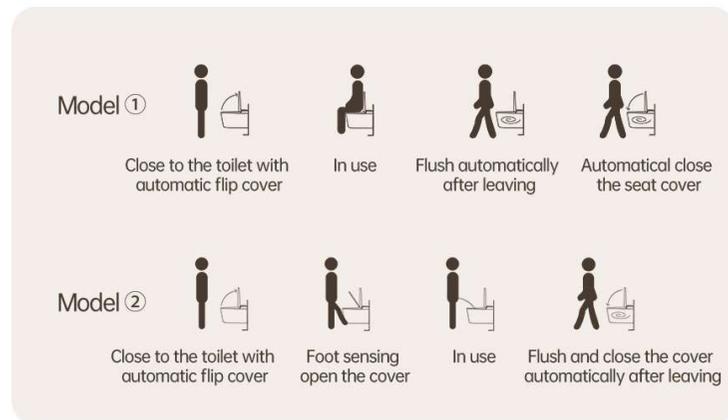

Prevent physical discomfort caused by
prolonged sitting care for your health

13 Wall hung smart toilet - automatic sensing

Close to the active open cover, the first time sensing

Automatic sensing+ foot sensing
Adjustable sensing distance, more accurate sensing of the human body closer

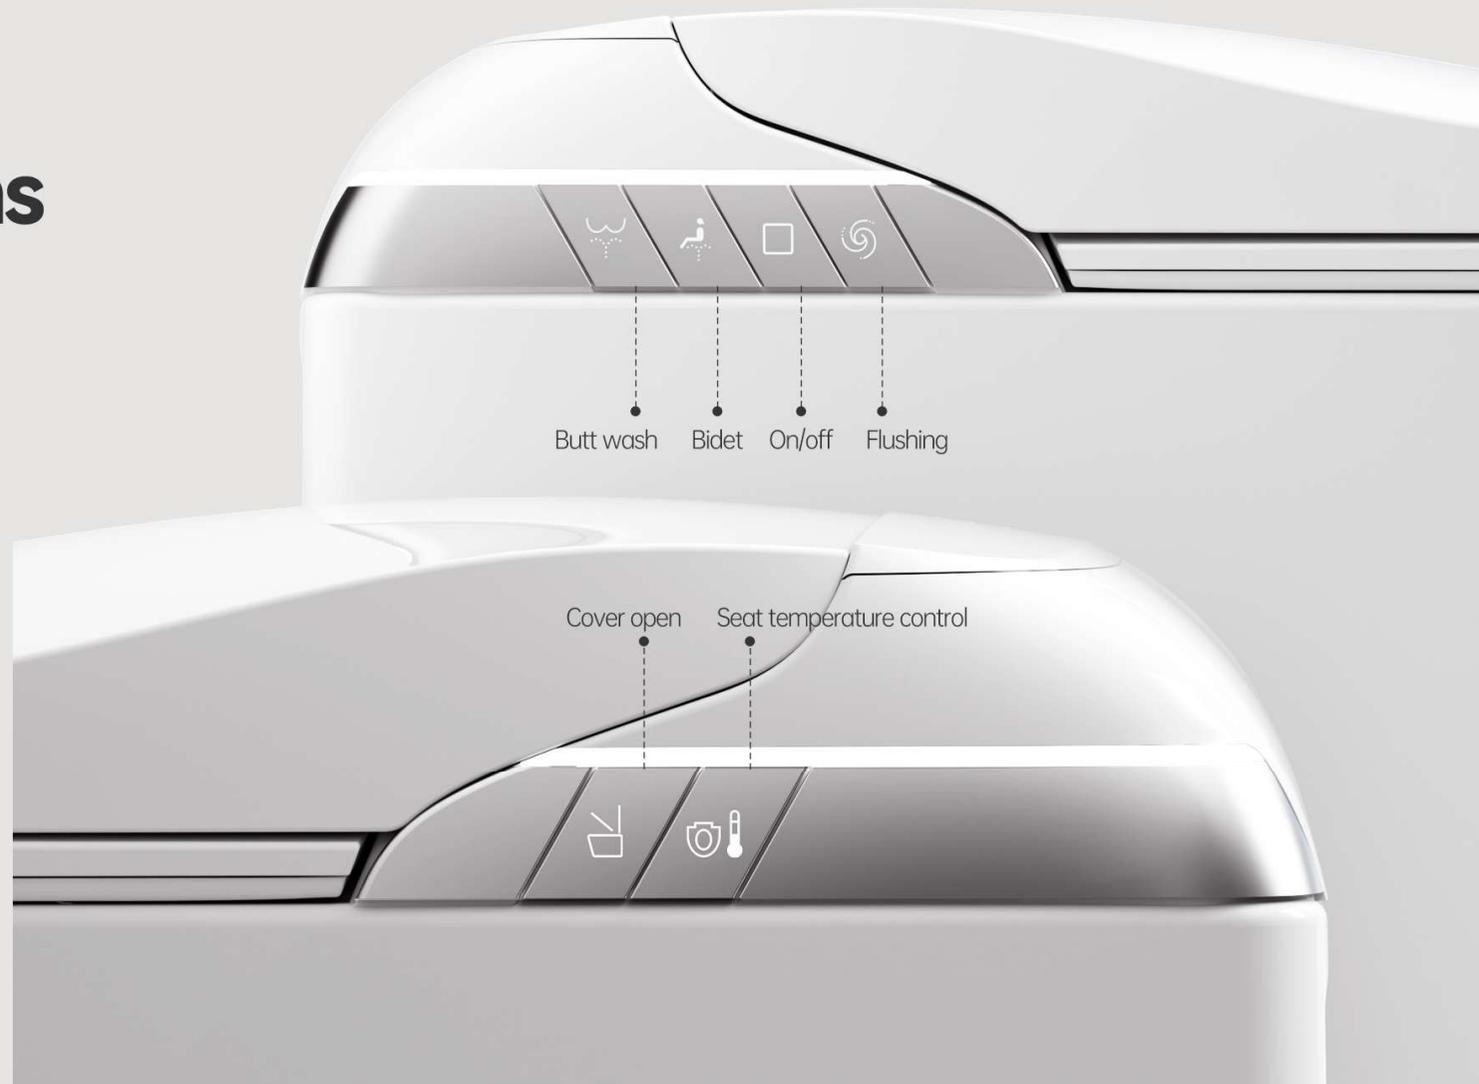

15 Wall hung smart toilet- Side button

Double buttons on the side, easy to use

Embedded inside cover,
easy to press

Operation clear icon identification,
easy to understand and get started

16 Wall hung smart toilet- Four seasons warmth

Four seasons warm sense, constant temperature accompany

No need for human control, four seasons full intelligent control

Let you feel a constant comfortable temperature

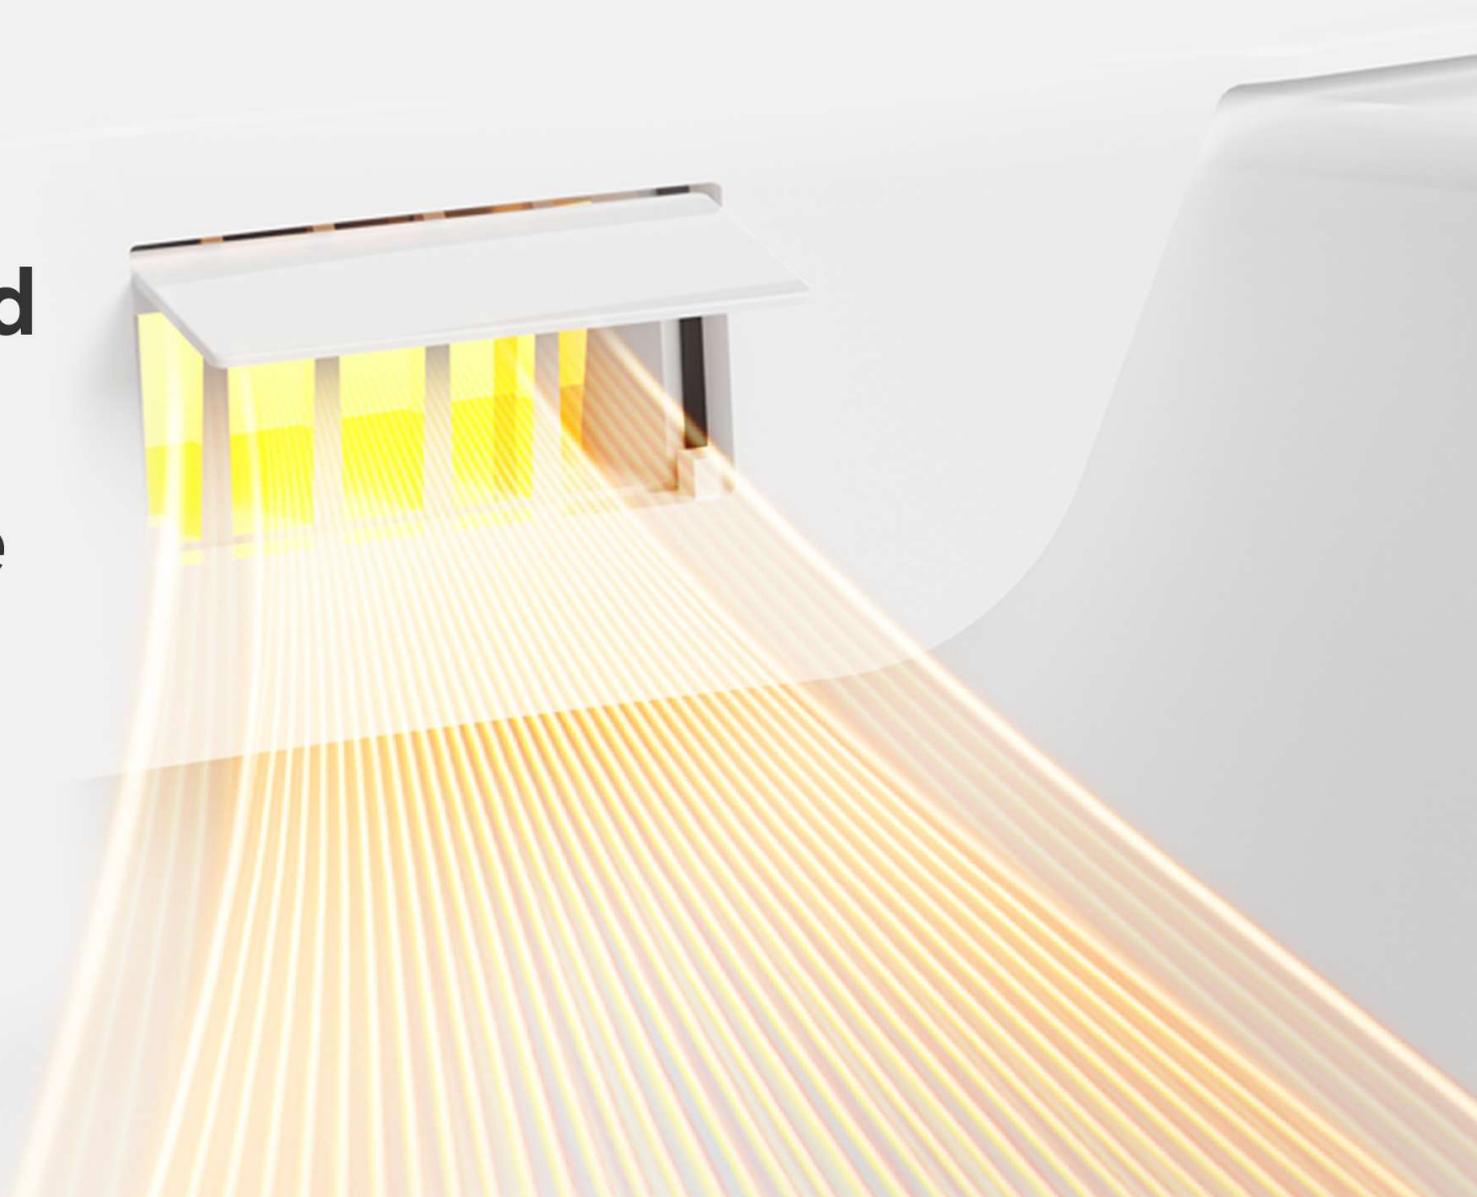

17 Wall hung smart toilet - Warm air drying

The warm wind is comfortable and makes the skin dry

After washing, enjoy the warm air drying,
and quickly dry the moisture on the skin

The blower is optimized to evenly cover
every corner of the skin.

18 Wall hung smart toilet - safety protection

Eight major protections safe and reassuring

Eight major safety protections are enabled at the same time, so you can use it without any worries.

Overheat protection

Dry burning protection

Wind temperature protection

Waterproof protection

Electric leakage protection

High voltage protection

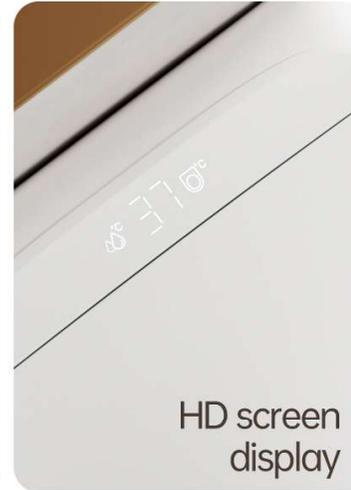

Flame retardant material

Water temperature protection

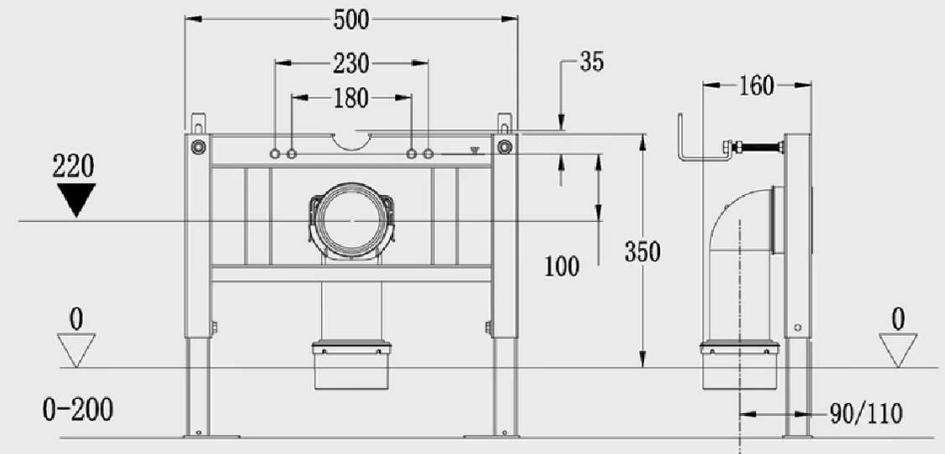

Small details of safety protection

Product Parameters

Product name: Smart toilet	Overall length, width and height: 590x380x370mm
Flushing method: washdown	Heating method: Instant heating
Rated power: 220V-50Hz	Pit distance parameter: 180mm
Drainage method: ground drainage/horizontal drainage	Rated power: 1550W
Four levels of water temperature: Normal temperature — 34°C — 37°C — 40°C	
Four levels of seat cover temperature: Normal temperature — 34°C — 37°C — 40°C	
Four kinds of wind temperature: Normal temperature — 35°C — 45°C — 55°C
