

Intelligent hanging toilet E60

Suspended High Aesthetics Temperature and Beauty

Indulge in intelligent wall-mounted Luxury
Experience the Refinement of Life

INTELLIGENT HANGING TOILET

This product achieves a perfect balance between intelligence and aesthetics

Working in harmony to
create a smart and seamless
user experience.

The unexpected joys in life are like little sparkling moments of happiness.

It responds to sensory demands across multiple scenarios, redesigning more features around users' pain points and desires.

Breaking through limitations while suspended in mid-air

Concealed water tank, offering the freedom of installation

Season-Adaptive warmth system with AI-controlled temperature regulation.

Prolonged sitting reminder with thoughtful notifications.

Built-in bubble function, allowing for easy and placement and take out

Detachable spray nozzle with ABS antibacterial properties

01 Wall hung intelligent toilet - wall hanging

Unrestricted by apartment layout, redefined to your customization

Seamlessly integrated with the wall,
saving space while enhancing aesthetics.

Featuring flexible height adjustment,
it is not constrained by the layout of the dwelling.

02 Wall hung intelligent toilet - Easy installation

Understanding your pain points and addressing installation concerns.

Adaptable to diverse wall designs

Both in-wall and partition installations are freely customizable

Meets varied bathroom needs

Effortless installation, eliminating challenges

03 Wall hung intelligent toilet =Capable of bearing weight

Capable of bearing weight up to 400KG

The bracket is embedded into a solid wall, providing better sound insulation and flush mounting, enhanced load-bearing capacity, and adjustable support legs to suit actual conditions.

Zero pressure limitation, adaptable to various water pressure environments

Whether in high-rise buildings with low water pressure, this smart toilet operates stably, consistently delivering excellent flushing performance. Without the need for additional water pressure boosting devices, users can enjoy an efficient and smooth flushing experience with peace of mind. Each flush is precise and powerful, quickly cleaning the inner walls of the toilet, avoiding issues of blockage or incomplete flushing caused by water pressure problems.

High-rise buildings

Traditional residential community

Peak water usage

04 Wall hung intelligent toilet - Zero pressure restriction

No water pressure restrictions, flushing normally even during power outages.

With an in-wall tank,
it can flush normally even when the power is out.

Freely choose between full and half flush,
saving energy and being environmentally friendly.

05 Wall hung intelligent toilet - Suspended without dead angles

Elevated base for thorough, no-dead-angle cleaning.

High-aesthetic "floating" design allows the robotic vacuum to navigate freely without obstruction.

No more worries about darkening edges of the toilet; enjoy comprehensive hygiene with no blind spots.

06 Wall hung intelligent toilet - Rimless design

Rimless design, effortlessly clean with a single wipe.

Unobstructed visibility,
practical rimless surface design.

Leaves no room for dirt to hide,
achieving zero-dead-angle cleaning with ease.

ABS antibacterial spray rod removable nozzle

The nozzle is made of nano antibacterial material and can be freely disassembled and cleaned.

It can be replaced independently when used by multiple people without worrying about cross-infection.

Six smart cleaning modes

GENTLE BIDET
Intimate care

CLEANSING BUTTOCKS

SELF-CLEANING SPRAY BOOM
Self cleaning

NOZZLE DISASSEMBLY
Regular cleaning

08 Wall hung intelligent toilet - Prolonged sitting reminder

Sitting too long voice reminder Scheduled stand-up Reminder

Automatic seat detection and timer activation
30-Minute voice reminder for prolonged sitting

Prevent discomfort from prolonged
sitting and care for your health

09 Wall hung intelligent toilet - Foam protection shield

Dense Foam layer -Antibacterial and Splash-proof

Effectively blocks odors, reduces stain adhesion , and prevent splashing during use

Built in foam Canister

Open the cover for easy replacement-Space-saving and leak-free design

External Foam canister

Increasing Risk of Bacterial infection and requires

10 Wall hung intelligent toilet- Smart dual flush system

Automatic detection with smart dual-flush system

Smart dual flush recognition system
Effectively prevent water waste

Half flush

Sitting down
Activate 10S after
standing up

Full flush

Sitting down
Activate 10S after
standing up

11 Wall hung intelligent toilet - Season-Adaptive warmth system

Season-Adaptive warmth with constant comfort

Automatic operation
Adaptive to seasons- intelligent adjustment for spring, summer, autumn, and winter
Ensures steady thermal comfort tailored to your needs

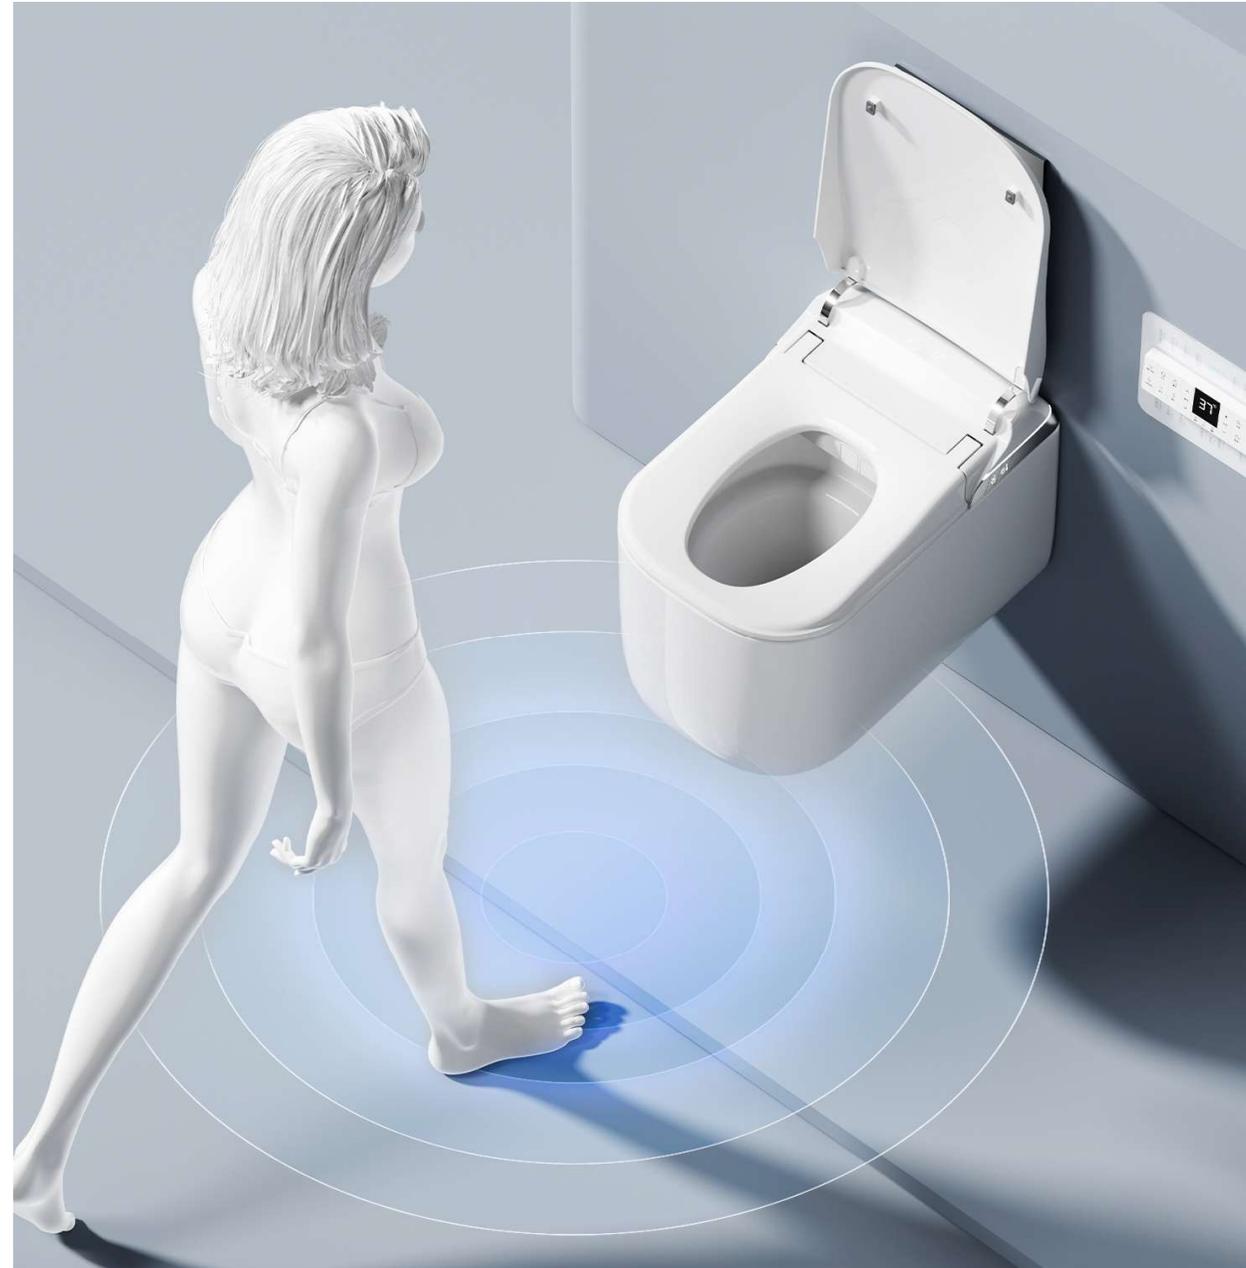

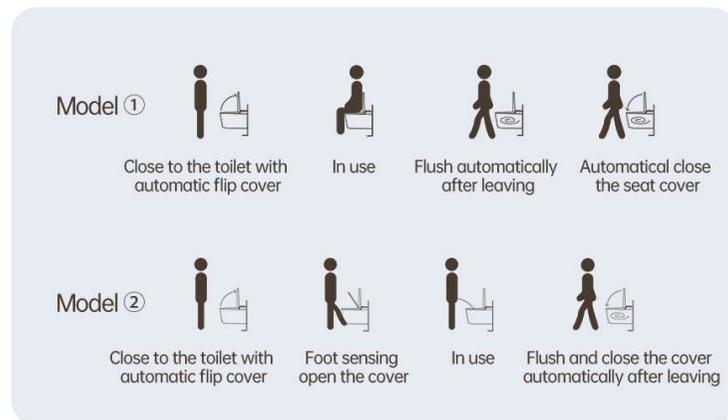

12 Wall hung intelligent toilet = Automatic

Auto-lid activation with proximity sensing -instant response when you approach.

Auto+foot-sensing system

Adjustment sensing distance

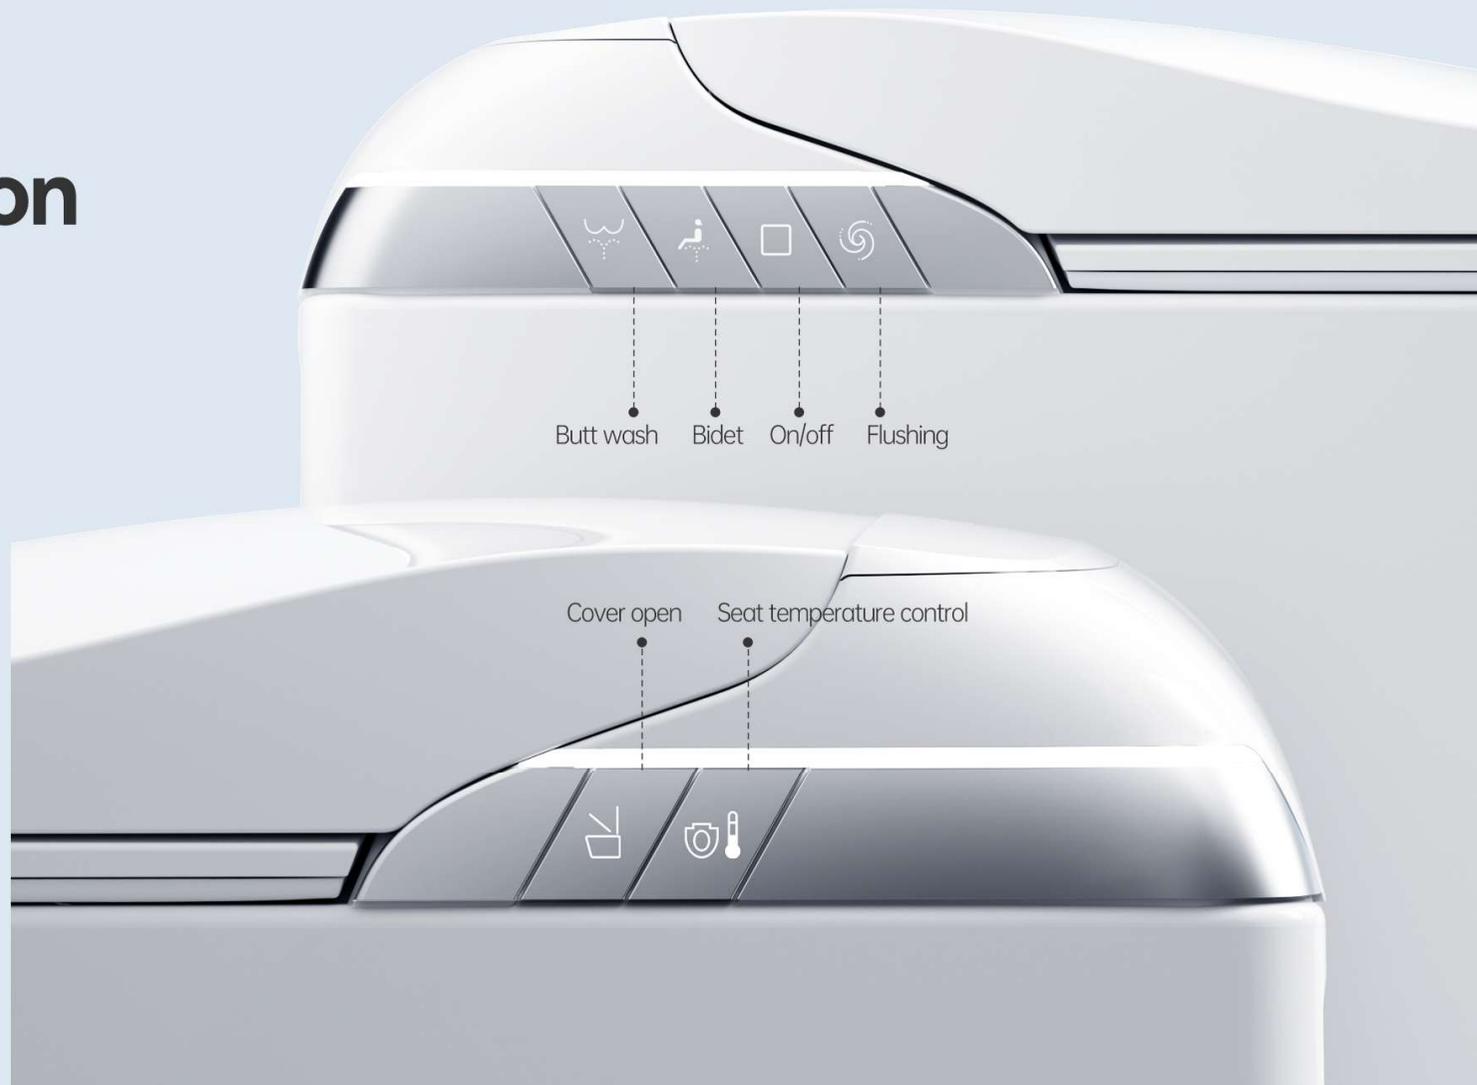

Enhanced precision for human proximity detection

Side dual button Easy to use

Embedded within the seat cover
Effortless pressing

Intuitive icons, clear labels,
and easy-to-use design

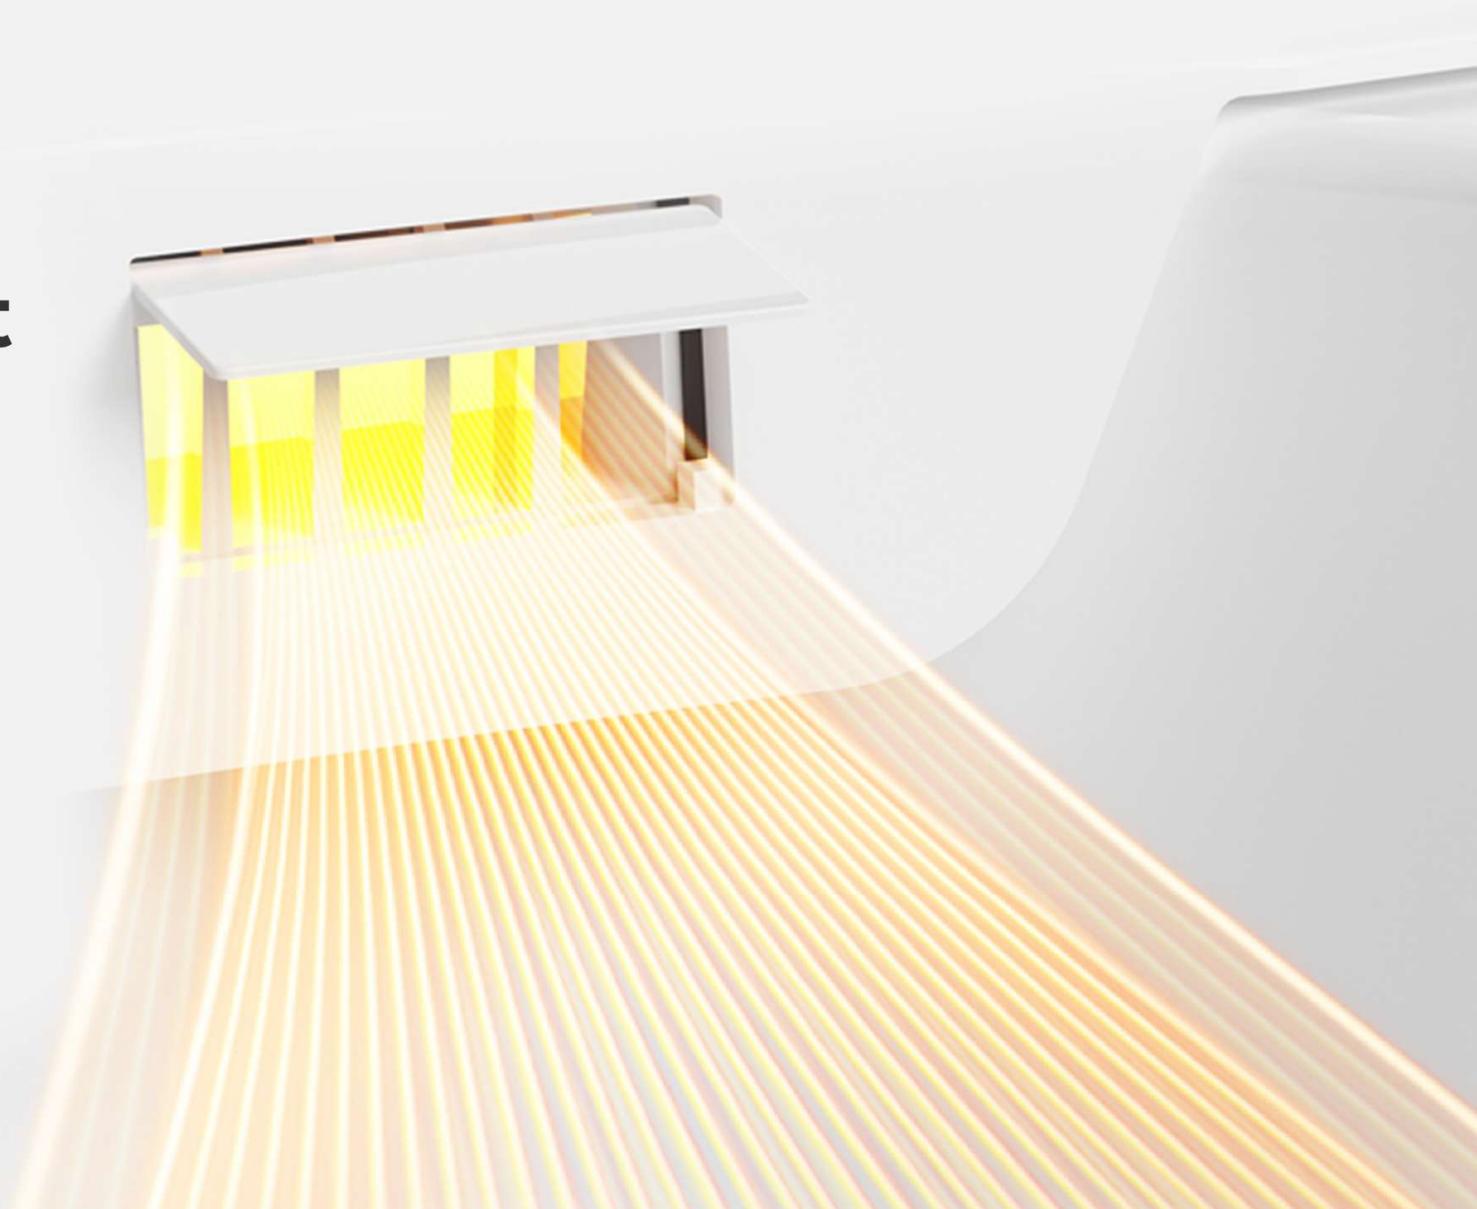

15 Wall hung intelligent toilet - Warm air dry

Warm comfort refreshed dry skin

Warm air drying post-wash ,
swiftly removes moisture.

Optimized air outlet ensures
even coverage across the skin .

16 Wall hung intelligent toilet - Protective safety

Eight safety features, Guaranteed protection.

All protections enabled for worry-free use

Overheat protection

Dry burning protection

Wind temperature protection

Waterproof protection

Electric leakage protection

High voltage protection

Flame retardant material

Water temperature protection

Small Details of safety protection

17 Wall hung intelligent toilet - Thickened water tank

High-strength and Reinforced, seamlessly molded

HDPE material, seamlessly molded
No welding seams

High density, high strength
Non-permeable

1 Easy-to-remove panel for convenient maintenance

2 Integrated water tank, non-deformable and leak-proof.

3 Sealed connecting rod, thickened and waterproof.

4 400KG = Sturdy steel structure bracket, corrosion and rust resistant, capable of bearing up to 400KG.

Product composition

Wall hung intelligent + high-mounted water tank
+ smart remote control

Product specification

Product name:
Intelligent toilet

Product size :
590x380x370mm

Flush method:
Washdown

Heating method:
Instantaneous heating

Rated power supply:
220V-50Hz

Distance parameters:
180mm

Discharge method:
P-trap

Rated power:
1550W

Four-level water temperature: Normal temperature— 34°C — 37°C — 40°C

Four-level seat temperature: Normal temperature— 34°C — 37°C — 40°C

Four-level air temperature: Normal temperature— 35°C — 45°C — 55°C

Bracket water tank parameters
